

AMENDMENT UNDER 37 C.F.R. § 1.114(c)
U.S. Appln. No. 09/747,063
Attorney Docket No.: A8063

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application:

LISTING OF CLAIMS:

1. (currently amended): A method of executing applets, comprising:
receiving a user selection of a plurality of applets;
generating separate windows within a main applet for each selected applet; and
~~an application program~~ the main applet executing each applet in a separate window.

2. (original): The method of claim 1, wherein one applet may be selected multiple times.

3. (original): The method of claim 1, further comprising enabling each window to be resized.

4. (original): The method of claim 1, further comprising enabling each window to be repositioned.

5. (original): The method of claim 1, further comprising enabling each window to be minimized.

AMENDMENT UNDER 37 C.F.R. § 1.114(c)
U.S. Appln. No. 09/747,063
Attorney Docket No.: A8063

6. (original): The method of claim 1, further comprising enabling each window to be maximized.

7. (original): The method of claim 1, further comprising enabling each window to overlap one or more other windows.

8. (original): The method of claim 1, further comprising enabling the windows to cascade.

9. (original): The method of claim 1, further comprising enabling the windows to be tiled.

10. (currently amended): The method of claim 1, further comprising loading a ~~webtop~~ the main applet into a browser window.

11. (currently amended): The method of claim 1, further comprising loading a ~~webtop~~ applet the main applet into a Java application, wherein the main applet is a webtop applet.

12. (currently amended): The method of claim 1, further comprising executing a ~~webtop~~ the main applet to display a list of available applets from which users can select applets.

AMENDMENT UNDER 37 C.F.R. § 1.114(c)
U.S. Appln. No. 09/747,063
Attorney Docket No.: A8063

13. (currently amended): The method of claim 1, further comprising generating a JInternal frame window for each selected applet.

14. (original): The method of claim 1, wherein separate windows are generated for applets selected from a toolbar.

15. (currently amended): An apparatus for executing applets, comprising:
a client computer having a data store coupled thereto, wherein the data store stores data;
a server computer having a data store coupled thereto, wherein the data store stores data,
and connected to the client computer via a network; and
one or more computer programs, performed by the computers, for receiving user
selection of a plurality of applets; generating separate windows within a main applet for each
selected applet; and ~~an application program~~ the main applet executing each applet in a separate
window.

16. (original): The apparatus of claim 15, wherein one applet may be selected
multiple times.

17. (original): The apparatus of claim 15, further comprising enabling each window to
be resized.

AMENDMENT UNDER 37 C.F.R. § 1.114(c)
U.S. Appln. No. 09/747,063
Attorney Docket No.: A8063

18. (original): The apparatus of claim 15, further comprising enabling each window to be repositioned.

19. (original): The apparatus of claim 15, further comprising enabling each window to be minimized.

20. (original): The apparatus of claim 15, further comprising enabling each window to be maximized.

21. (original): The apparatus of claim 15, further comprising enabling each window to overlap one or more other windows.

22. (original): The apparatus of claim 15, further comprising enabling the windows to cascade.

23. (original): The apparatus of claim 15, further comprising enabling the windows to be tiled.

24. (currently amended): The apparatus of claim 15, further comprising loading a webtop the main applet into a browser window.

AMENDMENT UNDER 37 C.F.R. § 1.114(c)
U.S. Appln. No. 09/747,063
Attorney Docket No.: A8063

25. (currently amended): The apparatus of claim 15, further comprising loading a ~~webtop~~ the main applet into a Java application, wherein the main applet is a webtop applet.

26. (currently amended): The apparatus of claim 15, further comprising executing a ~~webtop~~ the main applet to display a list of available applets from which users can select.

27. (original): The apparatus of claim 15, further comprising generating a JInternal frame for each selected applet.

28. (original): The apparatus of claim 15, wherein separate windows are generated for applets selected from a toolbar.

29. (currently amended): An article of manufacture comprising a program storage medium readable by a computer and embodying one or more instructions executable by the computer for executing applets, comprising:

receiving user selection of a plurality of applets;

generating separate windows within a main applet for each selected applet; and

~~an application program~~ the main applet executing each applet in a separate window.

30. (original): The article of manufacture of claim 29, wherein one applet may be selected multiple times.

AMENDMENT UNDER 37 C.F.R. § 1.114(c)
U.S. Appln. No. 09/747,063
Attorney Docket No.: A8063

31. (original): The article of manufacture of claim 29, further comprising enabling each window to be resized.

32. (original): The article of manufacture of claim 29, further comprising enabling each window to be repositioned.

33. (original): The article of manufacture of claim 29, further comprising enabling each window to be minimized.

34. (original): The article of manufacture of claim 29, further comprising enabling each window to be maximized.

35. (original): The article of manufacture of claim 29, further comprising enabling each window to overlap one or more other windows.

36. (original): The article of manufacture of claim 29, further comprising enabling the windows to cascade.

37. (original): The article of manufacture of claim 29, further comprising enabling the windows to be tiled.

AMENDMENT UNDER 37 C.F.R. § 1.114(c)
U.S. Appln. No. 09/747,063
Attorney Docket No.: A8063

38. (currently amended): The article of manufacture of claim 29, further comprising loading ~~a webtop~~ the main applet into a browser window.

39. (currently amended): The article of manufacture of claim 29, further comprising loading ~~a webtop~~ the main applet into a Java application, wherein the main applet is a webtop applet.

40. (currently amended): The article of manufacture of claim 29, further comprising executing ~~a webtop~~ the main applet to display a list of available applets from which users can select.

41. (original): The article of manufacture of claim 29, further comprising generating a JInternal frame for each selected applet.

42. (original): The article of manufacture of claim 29, wherein separate windows are generated for applets selected from a toolbar.

43-45. (canceled).

46. (currently amended): A method of executing applets, comprising: opening a main applet viewer to display a list of applets;

AMENDMENT UNDER 37 C.F.R. § 1.114(c)
U.S. Appln. No. 09/747,063
Attorney Docket No.: A8063

allow a user selecting to select a from the list at least plurality of two applets;
transmitting the user selection of the at least two applets to the main applet;
generating a separate window within the main applet viewer for each selected applet; and
the main applet executing each of the selected applets in the separate window within the
viewer.

47. (currently amended): The method according to claim 46, wherein said viewermain
applet is an applet web top viewerbrowser.

48. (currently amended): The method according to claim 47, wherein said plurality of
applets are positioned within a single webpagepage of the web top viewerweb browser.

49-50. (canceled).

51. (currently amended): The method according to claim 46, wherein said plurality
of applets are positioned within a single viewerfixed space window.

52. (currently amended): The method according to claim 46, wherein said plurality of
applets are executed from within the main appleta user application.

53. (canceled).

AMENDMENT UNDER 37 C.F.R. § 1.114(c)
U.S. Appln. No. 09/747,063
Attorney Docket No.: A8063

54. (currently amended): The method according to claim 1, wherein the receiving
comprises receiving at substantially the same time the user selection of the plurality of applets~~the~~
~~application program is a user application program.~~

55. (currently amended): The method according to claim 1, wherein said application
program~~main applet~~ generates separate windows for the selected applets within a window of the
~~main applet~~application program.

56. (currently amended): The method according to claim 1, wherein all of said
windows for said selected applets are generated within display space defined for the main applet
application program.

57. (new): A method of executing applets, comprising:
loading a main applet;
dynamically selecting a plurality of applets;
loading the dynamically selected plurality of applets into the main applet;
generating separate windows for each loaded applet; and
executing each loaded applet in a separate window.

AMENDMENT UNDER 37 C.F.R. § 1.114(c)
U.S. Appln. No. 09/747,063
Attorney Docket No.: A8063

58. (new): The method according to claim 57, wherein the main applet is a platform for running any applet.

59. (new): The method according to claim 57, wherein the main applet is a platform for dynamically running applets.

60. (new): The method according to claim 57, further comprising dynamically loading and removing applets from the main applet.
